

# APPRENTICESHIPWORKS

A COLLABORATION BETWEEN WDI AND THE NYS BUILDING TRADES

START YOUR CAREER WITH A BUILDING TRADE APPRENTICESHIP

## EXPLORE YOUR PATH.

Union Building Trades Registered Apprenticeships provide state-of-the-art skills through a combination of classroom instruction and work experience.

Apprentices earn while they learn, instead of taking on educational debt.

Apprentices become Journey-Level workers, who work with new materials and technologies across a variety of fast-changing industries like clean energy, infrastructure, buildings, and heavy construction. Union trades workers maintain the highest levels of skill and worker safety across every jobsite.

"Apprenticeship Works NY" is a free, easy-to-navigate online platform that allows New Yorkers to **search, compare, and then connect directly** to individual skills-driven building and construction trades apprenticeship opportunities best suited for their careers.

The platform is a powerful tool for Union Apprenticeship Programs, allowing them to **reach a broader, more diverse pool of potential learners** than through traditional marketing efforts.

**FAIR WAGES & BENEFITS • STATE OF THE ART SKILLS • SAFETY TRAINING  
EARN WHILE YOU LEARN • LIFELONG COMMITMENT • UNION STRONG!**
